

Values & Aims

At KinderWorld it is our aim to help every child realise their full potential, in a safe and caring play environment. We will strive to encourage your child to **be Kind, to be Independent, to be Resilient, to be themselves.**

The Early Years Foundation Stage (EYFS) is the framework that enables us to provide the foundation for children to make the most of their abilities. We will encourage their development in the seven areas of learning indicated here and the Montessori curriculum below:

- Personal, Social and Emotional Development
- Communication and Language
- Physical Development
- Literacy
- Mathematics
- Understanding the World
- Expressive Arts and Design

Montessori

- Cultural Studies
- Numeracy
- Practical Life
- Sensorial
- Literacy

This will ensure that each child has the opportunity to become self-motivated and confident and personalise learning to ensure every child can achieve their potential.

We will:

- Continually strive to create a warm and nurturing environment in which children feel physically and emotionally safe.
- Create a homely atmosphere in which all staff know all children, and every child's individual needs are identified, valued and met in order to support each child in reaching their full potential.
- Instil in children a lifetime love of learning.
- Provide children with unique and exciting activities and experiences which promote development in all areas of learning.
- Encourage a freedom of expression within a well-prepared and stimulating environment which our Montessori approach supports.
- Develop a close and supportive relationship with parents to ensure that we work together to meet the needs of all children.

- Support children in developing confidence in their own abilities.
- Ensure our Nursery community works within a framework that promotes equal opportunity regardless of religion, size, ability, gender, culture, age, sex, and disability.
- Deliver balanced, healthy, nutritional home cooked meals and snacks.
- Incorporate the Early Years Foundation Stage Framework throughout the whole Nursery.
- Track all children's progress and communicate development progress on a regular basis.
- Welcome parent/carer contributions to our practice.
- Rigorously check the suitability of all staff to work with children.
- Develop the staff team with opportunities to progress and acquire new skills.
- Hold regular parents' evenings
- Provide news and events through regular newsletters, notice boards, website updates and our Facebook page.
- Maintain robust policies and procedures.
- Work in partnership with outside agencies and organisations to support our children.
- Are an equal opportunity Childcare Provider and Employer.
- Maintain high levels of Health and Safety.

Key Person

Once each child has started to settle into the Nursery they will be allocated a Key Person. This is a member of our team who is responsible for;

- Being that special person that knows the child best and who the child will form strong bonds with.
- Ensuring the child's individual developmental needs are met.
- Being the point of contact for the parents if they have any questions.
- Recording achievements and reflecting upon them.
- Reviewing and producing progress reports.
- Setting challenging activities in different areas so each child makes meaningful steady progress through their time at Kinderworld Nursery

Vision

To operate a premium Nursery business that consistently provides exceptional standards of care and education for each child within the Nursery setting. Furthermore, to ensure a sustained capacity for continuous improvement and development through a committed, enthusiastic and highly qualified management and staff team with a goal to constantly improving the outcomes for all of the children in our care.

Mission

At Kinderworld we understand and value the importance of Nursery education in its own right and not just in preparation for starting school. We believe that each child is unique and therefore strive to ensure that each child is valued through our warm and nurturing environment, an environment in which each child can flourish, develop a lifelong love of learning and reach their full potential.

Ethos- be kind, be resilient, be independent, be you!

Kinderworld is an independent Nursery dedicated to providing individual care and education for children. We pride ourselves on our family orientated environment in which our parents are also invited to be involved every step of the way. We aim to provide a warm and nurturing environment in which each child can flourish and reach their full potential. We endeavour to support every child in our care in order to ensure they achieve their utmost, develop confidence in their own abilities and a lifetime love of learning.

We recognise the importance of good manners and respect for others and believe that this in itself enables our children to be well prepared for life outside the Nursery environment. We are dedicated to providing the children in our care with a strong foundation for life, and believe that a quality Early Years education provides children with the best opportunity to achieve their full potential both while at the Nursery and in their futures.

During the Early Years children grow, develop and learn more rapidly than at any other time of their lives. We firmly believe that, by paying close attention to what the children tell us and show us, we are able to gain important insights into the minds and to the development of each child. It is clear that by focusing on the child's strengths, passions and interests, as they emerge, our staff can develop an insight into that child's potential and ensure that appropriate activities are planned in order to promote and celebrate these abilities.

August 2021

Kinderworld Nursery focuses on nurturing and developing the individual talents inherent in each child, which in turn allows them to develop their own self-confidence. We encourage and reward children's willingness to try new things, to question their knowledge and abilities and more importantly to feel pride in their attempts and to develop an ability to learn from their failures. This approach allows children to develop an analytical mind and build the confidence needed in order to be able to make their own decisions and judgements.

Our Nursery environment is welcoming and nurturing and the children's happiness is our always number one priority. Our home-from-home atmosphere enables the children to develop a sense of security and allows them to excel in all areas of their development.
